

Look Local

FASHION CLOUD

Look Local is a startup from Hamburg, Germany and enables the exchange of digital content for the fashion industry with its FASHION CLOUD. The focus is on product pictures and descriptions, logos, videos and marketing material. The FASHION CLOUD consolidates and structures the content of manufactures and provides it to retailers via an online B2B platform. The FASHION CLOUD offers numerous interfaces for digital communication channels of the fashion industry. The content can be integrated in apps, inventory control systems, webpages, displays, newsletters, etc.
