

Moovup Pro

Moovup Pro is the simplest way to find a ride offered by a professional driver. It connects people who are on the move in metropolitan and touristic areas. It allows you to book and share a taxi ride, check your agenda and reduce the cost of your personal mobility.

Whether you need to go to the gym, to your favourite bar or you are on holiday in a touristic area, by using Moovup Pro you can share your taxi trip and save money. Such a service will be used by means of a dedicated portal or through mobile apps.
